Field :-:*

SEEDS

NORTHROP, KING & CO.

Seed Growers,

MINNEAPOLIS,

= = =

MINNESOTA.

1902.
WHOLESALE PRICE LIST
OF
Vegetable, Field and Flower
Seeds, Etc.

To The Trade:

We present herewith our Annual Wholesale Price list of **Vegetable, Field, Flower Seed, Etc.** Our seeds have been **carefully grown, thoroughly cleaned**, and tested as to germination. We promise that every order, large or small, shall receive the most **scrupulous care.**

Our Prices are as low as **Good Seeds** can well be sold at. **Prices are subject to change without notice.** We trust that as the season advances we may be favored with your orders.
Truly yours,

NORTHROP, KING & CO.,

26, 28, 30 and 32 Hennepin Ave.

MINNEAPOLIS, MINN.

Terms of Payment.

Vegetable Seeds, Flower Seeds, Packet Seeds.

Accounts for these are due June 1st, 1902, without regard to date of purchase. A discount of *one* per cent. a month for unexpired time will be allowed on payments made before June 1st. Accounts made after June 1st are due in 30 days from date of purchase.

Grass Seeds, Clover Seeds, Bird Seeds, Field Seeds, Onion Sets, Potatoes, Fertilizers, Baskets, Etc.

These are **net cash** goods, and subject to draft without notice.

Shipping.

In the absence of special instructions as to routes, packing, etc., we will use our best judgment.

Packing.

Bags, Boxes, Barrels, etc., are charged for at value.

Conditions of Sale.

Vegetable and Flower Seeds sold from this catalogue are warranted to prove of strong growth and of satisfactory quality and purity, **in so far**—that, should the contrary prove the case, through any defect in the seed, we will **refill** the order for such defective seed free of charge, or refund the money paid us for it.

Grass and Field Seeds.—With our improved machinery we are enabled to clean these seeds so thoroughly that we sell our best grades on the following conditions; if **upon arrival and prompt test** they do not develop a high percentage of growth, or fail upon examination to prove of satisfactory purity, **they are to be returned at our expense.**

Beyond these plainly expressed conditions we give no warrant whatever, as the outcome of a crop is beyond human control; but as these are the strongest warrants made by any Seed House, they should satisfy the most careful purchaser of the confidence we have in our ability to supply good Seeds.

Special Request.

If you do not receive regularly our **grass and field** seed quotations issued weekly during the Spring months. Write us, so that your name may be added to our list.

"PEEP OF DAY."

Ten days earlier than any
other Sweet Corn.

This remarkable variety, which we introduced in 1900 as 10 days earlier than any other Sweet Corn—has more than sustained the claims we made, and has brought us hundreds of letters testifying to its Earliness and Sweetness. Those who plant this corn will have the first sweet corn of the season.

"PEEP OF DAY" corn, in addition to its sensational earliness, is entirely distinct in appearance and habit of growth. The stalk grows from three to four feet in height. The ears average about 5 inches in length and are of perfect form, well filled out to the tip. When cooked, the corn is exceedingly sweet and tender.

"Sterling" Lettuce.

**Sold only in
Sealed Packages.**

This grand new lettuce will delight all who grow it. It is equally suited for the market gardener or the private planter. The market gardener will find that this lettuce will command a premium over other sorts on account of its appearance and quality, while for private gardens no other lettuce approaches it for table use. For salads it is unequalled.

Northrup, King & Co.'s**Klondike.**

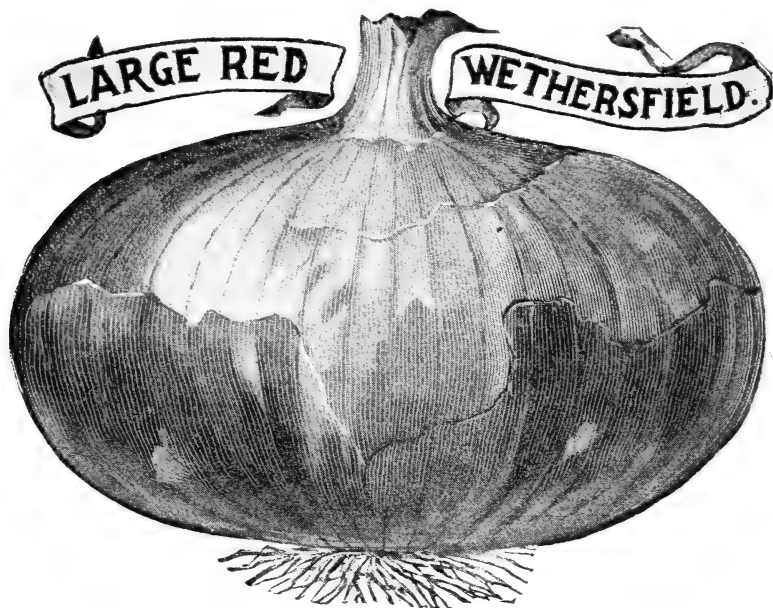

The earliest. The great objection to the extremely early water melons has been their inferior quality. This has been entirely overcome in the Klondike, which is offered with the full assurance of not only being remarkably early, but as sweet, delicate and melting in flavor as any variety grown. It will ripen in altitudes where it has not been thought possible to mature a good watermelon.

ONION SETS.

NORTHERN GROWN.

Onion Sets are planted in order to obtain onions earlier than they can be had from seed. It follows, therefore, that Northern Grown Onion Sets will produce onions earlier than Southern grown sets. In addition to this, our Minnesota grown sets are incomparably superior to ordinary stock, being of small size, sound and free from trash. Prices subject to market changes. Write for latest market prices on bushel and barrel lots.

Our Select Radish Seed Produces Sound, Firm Roots

The best radish seed comes from Brittany, in France, and is grown on land that has been reclaimed from the sea. This soil, with its sub-irrigation, produces sound, shapely roots, and these qualities are to a certain extent perpetuated in the seed. Radish seed from the south of France is grown very much more cheaply, but is undesirable and should not be used.

DWARF CUPID SWEET PEA.

Sweet Peas.

N., K. & CO.'S IMPERIAL MIXED. (*The Finest Mixture.*) In making the claim that our Imperial is the finest mixture of Sweet Peas obtainable, we are sustained not only by our own experience, but by the testimony of a great number of delighted customers who have used this mixture for years. Like our Imperial German Pansy, it is made up regardless of expense; the aim being to secure in this combination the largest flowering sorts and finest possible range of colors.

Ounce.....10c. Pound.....41c

Eckford's Fine Mixed.

This elegant mixture embraces the introductions, including recent novelties of Mr. Eckford, the sweet pea specialist of England, who has accomplished more than any other individual in bringing the sweet pea to its present state of beauty, size and perfection.

Northrup, King & Co.'s Lawn Grass.

We prepare six grades of Lawn Grass Mixtures, as follows, which are kept constantly in stock.

N., K. & Co.'s Sterling Lawn Seed, is the best mixture possible to combine. Some of the grasses are early, others medium and still others late. By this means, as soon as one variety has ceased to be at its best, others are there to take its place. The seeds used in this mixture are analyzed as to purity and tested as to germination. Our **STERLING** Mixture is unequalled for **TENNIS** and **CROQUET** grounds. Wholesale price per bushel of 14 lbs., **\$3.25** per bushel, sacks included.

N., K. & Co.'s Park Mixture. The grasses that are used in this mixture are equally as good as those in the **STERLING** Mixture, but it does not contain as many varieties, or as many high priced sorts as the **STERLING**. It has given most excellent satisfaction and we unqualifiedly commend it to those wishing a less expensive than the **STERLING**. Per bushel of 14 lbs., **\$2.50**.

N., K. & Co.'s Good Mixture. Where a fine lawn is wanted, we always recommend that the best seed be used. There are places, however, that are not conspicuous and where all that is desired is a good healthy growth of grass. No better lawn seed for the money can be obtained anywhere than our **GOOD MIXTURE**. Per bushel of 14 lbs., **\$1.75**.

Emerald Lawn Seed. This mixture has been made up to meet the competition of firms who put up inferior seeds under high sounding names. It is as good as can be made at the price. Per bushel of 14 lbs., **\$1.10**.

N., K. & Co.'s "Shady Place" Mixture. On almost every lawn there are shaded places where difficulty is experienced in getting the grass to grow. By the use of our "Shady Place" Mixture these unsightly spots can usually be made as green and beautiful as the rest of the lawn. There are certain grasses which thrive naturally in such situations, and these we have combined, after much experiment, into the above-named mixture. Our "Shady Place" Mixture has brought relief and satisfaction to many who have for years been annoyed by these disfiguring spots on otherwise beautiful lawns. Per bushel of 14 lbs., **\$4.00**.

N., K. & Co.'s "Terrace" Mixture. Our "Terrace" Mixture is made up of rapid spreading, deep rooting grasses, which may be used either in combination with a regular lawn grass mixture, or scattered over the terraces to strengthen and supplement the grasses already established. Per bushel of 14 lbs., **\$3.00**.

THE LAWN. (N., K. & Co.'s Primer No. 3) Tells How to Build New Lawns, How to Repair Old Lawns, How to Keep Lawns Green. It is free to our customers.

IS YOUR LAWN FADING? Are the grasses Dying? If so, do not disfigure your Lawn, offend your senses, or fill your ground with weed seeds by using stable manure, but apply **Excelsior Lawn Dressing**. Easily applied. Non-odorous. **N., K. & Co.'s Excelsior Lawn Dressing** is a fertilizer especially prepared for Lawns. It possesses in the highest degree and concentrated form those constituents best calculated to Nourish the Grass, promote its Luxuriant Growth and the Dark Green Color so greatly admired. It is not only the Most Perfect Lawn Dressing that has been devised, but it is the most pleasant to handle, being Non-Odorless, so that its liberal use on a lawn cannot be detected by any unpleasant odor. Being dry and fine it is easy to apply, and imparts such a Vigorous Growth to the grass that two or three applications during the season at the rate of one pound to each 100 square feet of lawn keep the grass in flourishing condition throughout the season and enables it to withstand the effect of the hot summer sun. We prepare but one kind of Lawn Dressing. This we do not believe can be excelled. It is put up in bags containing our brand. By express or freight, bag of 10 pounds, **50c**; 25 lbs., **\$1.15**; 50 lbs., **\$2.00**; 100 lbs., **\$3.50**. Bags included.

Garden Drills and Cultivators

Low in Price, Perfect in Operation. Unqualifiedly Guaranteed.

FOR several years past the manufacturers of the leading and best known makes of Garden Tools have fixed the price at which they should be sold, and refused to sell to anyone who would not agree to maintain the prices established by them.

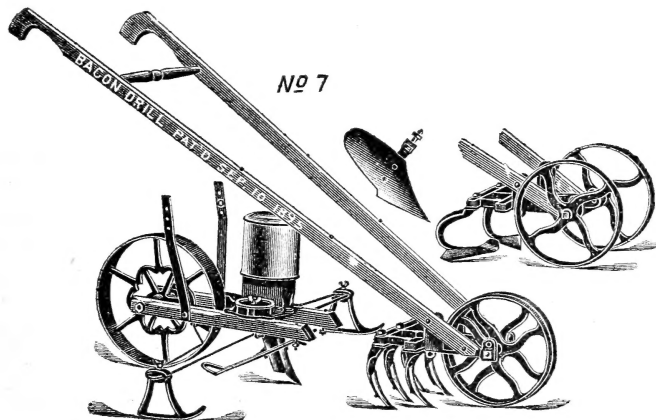

Three years ago we secured a new line of Garden Drills and Cultivators, which we offered under a guarantee made by the manufacturers, the Bacon Mfg. Co., that they would be found perfectly satisfactory to our customers, and being unhampered by agreement, we are able to offer them at about ONE-HALF the price of other similar tools. We sold a large number of these tools, and to the complete satisfaction of every purchaser. We offer them this year with renewed confidence that they will not only be found equal in every particular to those of any other make, but to possess some important features which render them in some ways the BEST GARDEN TOOLS ON THE MARKET.

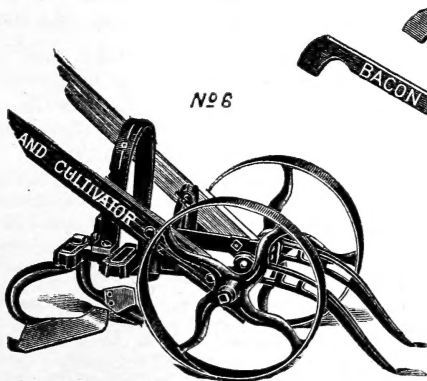

No. 3 Single Wheel Cultivator with 5 teeth, 2 hoes.

In 2,000 lb. lots.....	@	40	"

F. O. B. Minneapolis in ton lots or over. **Fifteen cents drayage on less quantities.** Terms strictly net cash. Price subject to advance without notice. Write for prices on carload lots. We can interest you.

YOU CAN SELL POULTRY SHELL

All Poultry Raisers **NEED** it, and when they realize what it does for their poultry, would not be without it for many times the cost.

ADVANTAGES GAINED BY THE USE OF POULTRY SHELL

It acts as grit and prevents "cholera."

It helps the fowl to grind its food.

It keeps poultry healthy.

It makes hens lay an egg a day.

It prevents soft shell eggs.

It makes the egg shell strong enough to carry without breaking.

It contains many essential components of the egg.

It makes eggs larger and heavier.

Every poultry house or yard should have a pan or trough full of Poultry Shell, so that the fowl can have access to them at all times. If you have never handled Poultry Shell you should put it in stock. You will find it a good seller and profitable to handle.

Packet Seeds.

Vegetable Seeds. Of the size usually retailing at 5 cts., we put up in boxes containing 500. These packets are handsomely lithographed in colors which give a correct illustration of the vegetable, while on the back of the packet is an accurate description and directions for culture. **Our packets contain full quantity of seeds.** These we sell outright, **not on commission.** The low price at which we sell these goods, makes it much more profitable to handle them than seeds on the commission plan.

Price per box of 500 packets (including box)\$8.00

These boxes contain an assortment of the varieties best adapted for the section in which they are to be sold, but if customers prefer they may make their own selection.

Flower Seeds. All put up in boxes containing 100 beautifully lithographed packages, showing the flower in its natural colors. The assortment includes the popular and most easily grown annual sorts. The retail price is 5 cents a packet, although many of the packets contain varieties which, in many catalogues and other seed boxes, sell for 10, 15 and 20 cents. These seeds being sold outright and not on commission, are packed **fresh each year**, and will be found of unusually strong germinating power.

Price per box of 100 packets, only\$1.75

No charge for box. This box of Flower Seeds can be sent by mail for 10 cents additional.

Discounts TO THE TRADE From our Retail Prices

In our retail catalogue for 1902 are many varieties of seeds for which our customers frequently receive retail orders. We supply

All Seeds in Packets at 40 Per Cent. Discount.

Small quantities from our retail catalogue, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the ounce	-	-	-	-	33 $\frac{1}{8}$ per cent. discount.
Seeds by the Quart or Pint,	-	-	-	20	" " " "

At the above liberal rates of discount the goods travel at expense of purchaser, and on seeds, etc., sent by mail, the cost of postage will be added to the invoice.

SEED GROWERS,

Minneapolis, - - - - - Minnesota.

TELEGRAPHIC CIPHER.

By making use of the following Telegraphic words for weights and measures, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at small expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

“**Freight Darrain Backstay, Congruent.**” Means “Ship by first freight Two Bushels each of China Red Eye Beans and Early Minnesota Sweet Corn.”

“**Express Dagnan Classic.**” Means “Send by first express Ten Pounds Improved Danvers Half Long Carrot.”

Note.—The above Code for Telegrams Only—Not for orders by mail.
